

Giovedì 25 maggio, ore 11.15 - 12.45
Aula Spinelli (Aula Magna)
Migration drivers

 Chair: **Cinzia Conti, Roberta Pace**

The effects of the Brexit referendum on intra-EU migration: an analysis of outflows from Italy
Basile R., Licari F., Reynaud C., Tucci E.

Measuring the spatial concentration of the main foreign communities residing in Italy using a new approach
Pirrotta G., Mucciardi M.

Migration drivers and the (im)possibility of return in the theoretical framework of Perceptions Project
Fortunato C., Ambrosetti E.

Reverse remittances. What do we know about? Evidence from 2014 crisis-hit Italy
Ortensi L.E., Barbiano di Belgiojoso E.

"Millions on the move or billions trapped?" Exploratory research of environmental migration. Case study of Bangladeshi migration to Italy"
Mieresova L.

Giovedì 25 maggio, ore 11.15 - 12.45
Aula G1
Business intelligence

 Chair: **Michele Camisasca**

Psychosocial risks: work-related stress risk assessment in Istat as a goal for the workers' well-being
Camisasca M., Pietrantonio E., Magro R., Arborea A., Fabiani A., Giordano C., Pietrantonio M., Guerriero G., Sparano A.

What is the impact of behavioral factors on sustainable policies in academia
Albanese M., Di Giorno S., Cisco G., Busato F.

Business intelligence for analysing Istat human resources data base
Dentini A., Zeppieri I.

Remote working and new forms of works: evidence from INAPP-PLUS
Cardone P.E.

Quality assessment of statistical information services. An exploratory analysis with Rasch model
Lecardane G.

Giovedì 25 maggio, ore 11.15 - 12.45
AulaG3
Development and growth

 Chair: **Andrea Cutillo**

The effect of great recession on European lifespan inequality
Carboni G.

The role of statistics in shaping the territory to address demographic decline and support development. The case study of Sicily
Bianchino A., Dolce A., Lasco F., Camisasca M.

The effect of internal migration on regional growth in Italy: a dynamic spatial panel data analysis
Basile R., Centofanti F., Licari F.

Effects of the ageing population on productivity and economic growth for the Italian municipalities
Cinquegrana G., Fosco G.

Can the measure of development be improved?
Taormina V., Muzzioli L.

Giovedì 25 maggio, ore 11.15 - 12.45
Aula 7
Economics and demography

 Chair: **Sabrina Prati**

Does the immigrant background affect student achievement? Cross-country comparisons of Pisa score
Ferri V., Marsiglia S., Di Castro G.

Occupational characteristics and trajectories of young immediate immigrants' descendants in Italy
Buonomo A., Gabrielli G., Gatti R., Strozza S.

Socioeconomic stratification, ageing and demographic decline in urban and inner areas of Italy
Fosco G., Liguori M., Milanese C.

Skills and wage differences between native and foreign workers in Italy
Pangallo C., Casacchia O., Polli C.

Population decline and ageing in Romania
Salaris L., Tedesco N.

Giovedì 25 maggio, ore 11.15 - 12.45
Aula Pagano1
Gender gap

 Chair: **Vanessa Ioannoni**

Gender gap of Italian region: a synthetic index proposal

Fusco D., Germani L., Liguori M., Pagliuca M.M.

Gender and ethnic discrimination: the moderating role of institutional context

Staglianò R., Busetta G.

How women's work horizon is changing: an analysis of occupations across generations

Boschetto B., Marzilli E.

Gender differences in couples' civil union property regime in Italy

De Rosa E., Napoleone V.

Gender and unemployment misperception

Becchetti L., Salustri F.
Giovedì 25 maggio, ore 11.15 - 12.45
Aula G4
Labour policies

 Chair: **Cristina Freguja**

Labour costs and their components: characteristics and dynamics in Italy and comparison across Euro area countries

Ceccato F., Ciarallo M.A., Conigliaro P.

Youth and female unemployment: a critical issue for Inner Areas in Puglia (Italy). Needs and opportunities in the silver economy age

Fiore A., Mongelli L.

An analysis of labour cost policies through statistical registers

Pacini S., Gigante S.

A mixture model for self-assessed stress at work across EU

Capecchi S., Di Iorio F., Nappo. N.

The social protection system concept

De Minicis M.
Giovedì 25 maggio, ore 11.15 - 12.45
Aula Pagano2
Methodology

 Chair: **Mariateresa Ciommi**

Social Smart Surveys: methodological and data collection issues for official statistics

Perez M., Inglese F., De Vitiis C.

Area level modelling of Italian survey data from the European Health Interview Survey

D'Alò M., Corazziari I., Fasulo A., Ranalli M.G., Isidori F.

Further developments on the power of the Double Frequency Dickey Fuller test for unit roots

Gerolimetto M., Magrini S.

Building an integrated database for the trade sector for the period 2010- 2019

Ippoliti M.R., Martone L., Sartor F.

Secondary categorical linkage-data analysis

Tuoto T., Zhang L.-C.

Giovedì 25 maggio, ore 14.00 - 15.30
Aula Spinelli (Aula Magna)
Ageing and policies

 Chair: **Antonella Bianchino, Michele Cataldo**

Depopulation, ageing process and policy implications

Biasciucci F., Benassi F., Gallo G., Naccarato A.

Themes and policies of on population ageing: a bibliometric approach

Mazza R., Pace R., Paterno A.

Retirement and depression: the role of working and social networks

De Rose A., Lorenti A., Racioppi F.

Features of retired people in Italy: a differential analysis

Lallo C., Ginebri S., Reynaud C., La Valle M.H.

Ageing thresholds in demography and in literature

Salvini M.S.
Giovedì 25 maggio, ore 14.00 - 15.30
Aula G1
Composite indicator as classification method

 Chair: **Maria Cristina Recchioni**

The challenges of tracking early childhood development: a new methodological approach using MPI

Muzzioli L., Latessa E., Adduci A.

A new Jamovi module to build composite indicators

Mazziotta M., Scaccabarozzi A., Bianchi A.

Ageing population: we are living longer lives, but at what price?

Marino M., Caleprico E., Cafieri S.

Measuring the ageing of Italian population with composite indicators using municipal data from the decennial population censuses

Quondamstefano V., Verrascina M., Di Fraia G.

Composite indices for measuring the complexity "of data collection in Italian cities"

Bontempi K., Pietropaoli S.
Giovedì 25 maggio, ore 14.00 - 15.30
Aula 7
Demography

 Chair: **Giuseppe Gabrielli**

US fertility through the lens of graphical causal models

Carboni G., Salinari G., De Santis G., Benassi F.

Housing and perceived health among Italian older adults

Tocchioni V., Petrucci A., Dorgali M.V., Pirani E.

Health among foreign citizens in Italy: do the couple and the partner's nationality matter?

Trappolini E., Alderotti G.

The care needs of frail elderly: a regional analysis of the supply of health care services

Coniglio R., Tucci D., Sicuro L.

Demography and cardinal utilitarianism

Furcht A.
Giovedì 25 maggio, ore 14.00 - 15.30
Aula Pagano1
Entrepreneurial system

 Chair: **Francesca di Iorio**

The services for elderly people provided by nonprofit and public sectors

Stoppiello S., Orsini C., Nicosia M., Della Queva S., Faramondi A.

The role of nonprofit sector in Italian inner areas

Della Queva S., Leporanico V., Stoppiello S., Nicosia M.

The impact of the nonprofit activity on economic welfare: does market orientation matter?

Di Maggio U., Notarstefano G., Terzo G.

The productivity of the Italian enterprises: a spatial analysis

Pipitone V., Chapman S.

Shaping the local business structure: drivers of firm migration at the municipal level

Pacicco F., Venegoni A.

Giovedì 25 maggio, ore 14.00 - 15.30
Aula G3
POST-COVID - Poverty and vulnerability in the era of COVID-19 (Sessione finanziata da Fondazione Cariplo)

 Chair: **Tiziana Tuoto**

Vulnerability for old people: differences among European countries

Recchioni M.C., Chelli M.F., Ciommi M., La Monica G.R., Mariani F., Polinesi G.

Measuring multidimensional poverty of the Italian provinces

Chelli M.F., Ciommi M., Gigliarano C., Mariani F., Polinesi G.

First hypothesis for reconstruction of the household budget survey time series

Cutillo A.

Unveiling the hidden toll of COVID-19: How the pandemic has impacted Non-COVID patients in Italy

Riganti A., Ferro S.

This work's aims are to use reweighting techniques to create a new and enhanced dataset at provincial level for all the Italian territory (107 NUTS-3 level provinces) starting from the regional (NUTS-

Bechini T., Figari F.
Giovedì 25 maggio, ore 14.00 - 15.30
Aula G4
Official statistics and data collection

 Chair: **Roberta Varriale**

Reducing overall burden through questionnaire design: the re-engineering of Research and Development survey questionnaires

Rosati S., Lorè B., Barcherini S.

A web survey on an elusive population: a focus on indicators to manage data collection process

Perez M., Porciani L., De Cicco F., Vitalini A.

Consultation with Municipal Statistics Offices as an instrument to improve the data collection process in the territories: the example of the Territorial Consumer Price Survey

De Gaetano L., Fazzi G., Liani S.

Re-engineering environmental data collection in cities

Bianchi G., Adamo D., Mongelli L.

Energy consumption household survey: challenges and new approaches

Ferruzza A., Radini R., Tagliacozzo G.
Giovedì 25 maggio, ore 14.00 - 15.30
Aula Pagano2
Social statistics for official data

 Chair: **Luigi Maria Solivetti**

Sub-municipal territorial analysis on demographic and socio-economic fragility: a composite indicator of Bologna city

Marreddu S., Dell'Atti F., Guarasci B., Morsillo F.

Measurement of daily commuting in the Italian permanent census

Ciccaglioni C., Di Consiglio L., Pichiorri T., Solari F.

Experience and perception of LGBT+ discrimination

De Rosa E., Napoleone V., Scambia F.

Reaching the unreachable. Innovative strategies to approach hard-to-reach populations

Di Leo F., Nur N.

How to improve the equality data collection. The EC Subgroup on equality data long-term approach

Iannoni V.

Giovedì 25 maggio, ore 17.00 - 18.30
Aula G1
Ageing and territory

 Chair: **Lucia Mongelli e Cecilia Reynaud**

Population ageing, healthcare expenditure and impact of gender roles

Albanese M., Barbato R., Capecchi S.

Italy is ageing, who will take care of it?

Carra A., Chiodini P.M., Maranzano P.

Low fertility and depopulation in Italian provinces: association with social and economic well-being

Miccoli S., Racioppi F.

Longevity: a family matter? Insights from an inland village of Sardinia (Italy), 1850-2010

Salaris L., Tedesco N.

The family between ageing and new models. The case of the Puglia region

Rubino R., Veshi A.

Ageing and functionality in Public Administration occupancy: a case study for municipalities

Mirto A.P., Gaudio F., Abate F.
Giovedì 25 maggio, ore 17.00 - 18.30
Aula G3
Economic statistics

 Chair: **Elena Fabrizi**

Statistical information for the strategic framework for designing and implementing research, technological development and innovation policy

Armenise M., De Iaco L., Mantuano M., Salamone S.

Integration between data from register and sample surveys: enterprises classified by use of ICT and economic indicators

Seri G., Nurra A., Tomeo V.

The structural and economic profiles of companies with greater longevity

Carucci A.M., Palumbo R.A., Vannella G.

Beyond the classification by sector of economic activity: analysis of the results

Della Queva S., Salamone S.

Classification methods and statistic indicators to support the Smart Specialization Strategy

Faramondi A.
Giovedì 25 maggio, ore 17.00 - 18.30
Aula G4
Labour market

 Chair: **Giovanni Busetta**

Fertility and unemployment in times of crisis in Italy

Garcia Pereiro T., Pace R., Patimo R., Misuraca R.

Analysing the labour market through a web data source: the skill dynamic based on Online Job Advertisements

Inglese F., Catanese E., Lucarelli A., Ruocco G.

Migrants' characteristics, working and living conditions in household services

Dezio M., Paterno A., Gabrielli G.

The evolution of the caregiving market in Campania: foreign workers and integration processes from 1970 to 2020

Amoroso R.R.

Educational mismatch, competition in the labour market and attitudes towards migration. An update

Sironi E.
Giovedì 25 maggio, ore 17.00 - 18.30
Aula Pagano1
Methods for Territorial Analysis

 Chair: **Fabio Lipizzi**

Income distribution in Lombardy during the pandemic transition: a territorial study

Vitalini A., Sorba E., Ballabio S.

Rural community resilience after natural disaster: the case of Italy

Ferraro M.L., De Castris M., Modica M.

Territorial Aggregation of Medium Size Cities and Their Gravitational Territory for Effective Cohesion Policies

Pietro B., Dolce A., Pucci O., Milazzo R.

Spatial heterogeneity of determinants of water conservation behaviour: an empirical study

Mammadli R.

The influence of environmental determinism on the distribution of the elderly population in Italy: an exploratory geodemographic analysis using LADISC Model

Salvucci G.

Giovedì 25 maggio, ore 17.00 - 18.30

Aula 7

Migration and integration

Chair: **Alessio Buonomo, Gerardo Gallo**

Beyond the emergency: characteristics and behaviours of refugees and asylum seekers in Italy

Conti C., Rottino F.M., Pangallo C., Casacchia O.

The effect of childcare use on mothers' fertility intentions: evidence in Italy by migratory background

Miaci E., Mussino E., Trappolini E., Alderotti G., Giudici C.

Learning performances of unaccompanied foreign minors: a case study

Terzera L., Bonomi P.

Life courses in old age: retirement, family and residential trajectories in the European context

Zanotto L., Impicciatore R.

Childcare in Italy among migrants: Who uses which type and why?

Ortensi L.E., Mussino E.

Giovedì 25 maggio, ore 17.00 - 18.30

Aula Spinelli (Aula Magna)

Ageing and economic issues

Chair: **Cecilia Tomassini**

Population ageing, education and labour productivity in Italy: a regional panel analysis

Ruiu G., Breschi M., Fornasin A., Gonano G.

The impact of demographic ageing on public services for the senior age in terms of demand and local public expenditure: a forecast model space of time

Vannella G., Carbonara M., Madia Carucci A.M.

How does population ageing affect household consumption expenditure?

Basso S., Massari S., Donnarumma I.

Ageing, economic dynamics and health care system sustainability in the EU-27: the case of Italy and Spain

Orsini C., De Panizza A.

Ageing in the "Terra dei fuochi"

Cafieri S., Feoli F.

Giovedì 25 maggio, ore 17.00 - 18.30

Aula Pagano2

Sociology and health

Chair: **Gabriella Fazzi**

Frailty in Europe: the role of social networks and activity participation

Miglio R., Puglisi C., Scalone F., Roli G., Rettaroli R.

Life satisfaction and leisure time between elderly population

Di Pino Incognito A., Campolo M.G., Busetta G.

Disability Free Life Expectancy decomposition: a comparative analysis across EU countries

Simone R., Coppola M.

New Insights into Alcohol Abuse: Does Educational Mismatch Trigger Drinking Behaviors in Russia?

Robone S., Nizalova O.

Do pandemic restrictions reduce political participation? Evidence from the 2022 Italian parliamentary elections

Vaccaro A.

Venerdì 26 maggio, ore 12.00 - 13.30
Aula Pagano1
COVID and aspects of daily life

 Chair: **Salvatore Strozza**

Where is the next stop? Analysing the older adults' post-COVID public transportation demand

Crotti D., Akhavan M., Bonvento B., Maggi E., Rebba V.

Throwing out the baby with the bathwater: consequences of the COVID-19 pandemic on the ICT readiness of Italian teachers

D'Agostino A., Longobardi S., Pagliuca M., Regoli A.

Human resources recruitment in Italian public sector post COVID-19: demographic characteristics, gender compositions, education for a new public employer branding. Focus on Istat experience

Screpante I., Camisasca M.

Migrant women population during the COVID-19 pandemic

Ambrosetti E., Ventre C.

Bankruptcies and COVID-19: evidence from Italy

Ferri V.
Venerdì 26 maggio, ore 12.00 - 13.30
Aula G1
Demography of families

 Chair: **Laura Terzera**

Marriage past age 50 characteristics of Italian spouses who marry in the second half of life

Vitali A., Meli E., Guarneri A., Castagnaro C.

Home alone, the one-person households at the Italian 2021 Permanent Census. Who are they? Where do they live?

Chieppa A., Dardanelli S., Mastroluca S.

Marriage of spouses with a migratory background: focus on "new Italians"

Guarneri A., Iaccarino C., Simone M.

Later-life divorces in Italy: trends, determinants and potential consequences of an emerging phenomenon

Arosio L.

Child marriage geographic dimension in Nineteenth-century Italy

Freni G.
Venerdì 26 maggio, ore 12.00 - 13.30
Aula Spinelli (Aula Magna)
Health policies

 Chair: **Giambattista Salinari**

Health and labour market effects of an abrupt and unanticipated rise in women retirement age. Evidence from the 2012 Italian pension reform

Ardito C., Stuckler D., Odone A., Costa G., D'Errico A., Serrano-Alarcón M., Leombruni R., Kentikelenis A.

Work history patterns and self-rated health in the Italian context

Di Traglia L., Fabrizi E., Moretti M., Spagnoli A., Vestri A.

Measuring perverse redistribution in actuarially unfair NDC pension schemes

Ardito C., Russolillo M., Leombruni R., Abatemarco A.

Health inequalities: a useful and fair metric for policy analysis

Costa G.

Is life expectancy enough?

Zanotto L.
Venerdì 26 maggio, ore 12.00 - 13.30
Aula G3
Methods for official statistics

 Chair: **Margherita Gerolimetto**

Mobile phone data for population estimates and for mobility and commuting pattern analyses

De Fausti F., Radini R., Tuoto T., Valentino L.

Discovering individual profiles from administrative signs of life useful for the estimation of Census results

Bernardini A., Tamburrano T., Chieppa A.

Towards a statistical register of persons with disabilities in Italy

Aracri R.M., Battisti A., Casacci S., Coluccia C., Loriga S., Pallara A., Recchini E., Solipaca A., Staffieri S., Terribili M.D..

Audit survey approach for the evaluation of the quality of the permanent population census counts

Bernardini A., Cibella N., Solari F.

Fertility intentions in Italy during the COVID-19 Pandemic. Evidence from the Familydem survey

Miaci E., Guetto R., Vignoli D.

Back to the future: the training of surveyors between in-person meeting and distance learning

Fazzi G., Rossetti F., Balì N.

Venerdì 26 maggio, ore 12.00 - 13.30
Aula 7
Sociologies

 Chair: **Livia Celardo**

Not all parents can help their children. Delayed leaving parental home for employed young people in poor households

Colombarelli C., Filandri M., Pacelli L., Verrecchia F.

Using carbon revenue for greening human capital

Cisco G., Busato F., Albanese M.

Evolution of violent crime in Southern Italy: the end of Mezzogiorno's exceptionalism?

Turetta F., Solivetti L.M., Caterino C.

Action-research on bullying in the primary school

Batic N.

The allocation of time within native and foreign couples living in Italy

Di Pino Incognito A., Busetta G., Campolo G.M.
Venerdì 26 maggio, ore 12.00 - 13.30
Aula Pagano2
Urban studies

 Chair: **Massimo Mucciardi**

Social and demographic predictions in Inner Areas: a comparison between Campania and Sicily

Potenzieri Mas, Potenzieri Mat, La Faci A., Acampora C., Carucci A.M.M., Leporanico V.

Population ageing in Italian urban contexts: an insight into metropolitan cities

Vacca D., Tronu D., Cangialosi D.

A prototype of a visualization system to exploit data on the population ageing in Italian urban contexts

Cangialosi D., Lancioni G., Tronu D., Vacca D.

Exploring health inequalities at the local level: a case study of spatial micro-simulation in the province of Brescia

Verrecchia F., Ballabio S., Vitalini A.

An analysis and spatial characterization of Italy's inner areas

Fardelli D., Lipizzi F.
Venerdì 26 maggio, ore 12.00 - 13.30
Aula G4
Well-being

 Chair: **Chiara Gigliarano**

Modeling the pandemic effect on the equitable and sustainable well-being distribution

Davino C., Sannino P., Taralli S.

Multiversal Modelling: BES and Population Fertility

Tomaselli V., Cantone G.G.

The Italian demographic crisis in a quality-of-life approach

Facioni C., Corazziari I.

Single-Parent families and adolescents' wellbeing in Europe: a multilevel analysis

Ballerini A., Guetto R.

Subjective well-being and heterogeneity in cultural consumption in the ageing populations

Carella M., Misuraca R.

Venerdì 26 maggio, ore 15.45 - 17.15
Aula G1
Environment and education for the new generations

 Chair: **Nunzia Balì, Luca Salvati**

The new monitoring of the detection anthropic pressure and natural risks. Summary indicators compared as tools for measuring the data collection of extraction phenomenon

Stobbia B., Moscatelli S., Parisi V., Angiona S., Boninfante B., Mongelli L.

Distance learning during the pandemic: opinions and attitudes of young students

Buonomo A., Conti C., Di Patrizio F., Rottino F.M., Strozza S., Terribili M.D.

Do birds of a feather flock together? Eligibility criteria for higher education scholarships and inequality in academic outcomes

Casalone G., Michelangeli A., Myftiu J.

A multidimensional analysis for monitoring environmental health in Italy

Carbonara M., Fullone F., Lecardane G.

The effects of the lockdown on children. An empirical analysis

Iaquinta P., Abbruzzese F.

Venerdì 26 maggio, ore 15.45 - 17.15
Aula G3
New era of censuses

 Chair: **Cinzia Castagnaro**

Evaluating computer-assisted questionnaire usability: the case of permanent census of population and housing

Bontempi K., Bussola M., Lorè B., Rosati S., Barcherini S.

Respondents and non respondents to population and housing census: some strategies for data collection design in the era of low response rate and high response burden

Bussola M., Ceconi N., Donati E., Porciani L.

The individuals not counted by national register of the resident population: the power of the administrative data in the permanent population census

Cibella N., Pezone A.

Composite indicator for measuring the depopulation of the Italian municipalities by the permanent population census results

Verrascina M., Quondamstefano V.

Instant messaging tools in official statistics: a usage model in the 7th Italian census of agriculture

Fabi C.

Venerdì 26 maggio, ore 15.45 - 17.15
Aula G4
Registers and methods for Public Administrations

 Chair: **Orietta Luzi**

The statistical register for Public Administrations, some methodological aspects

Varriale R., Albo N., Casagrande C., Olivieri V.

Data and process architecture of REgister for Public Administrations (REPA)

Tulli F., Radini R., Passacantilli M., Testa P., Dell'Orco F.

The statistical register for Public Administrations (REPA): Sources and sub-populations

Scacco G.

The statistical Register for Public Administrations (REPA): territorial governments

Passante D.

Venerdì 26 maggio, ore 15.45 - 17.15
Aula Spinelli (Aula Magna)
Social Statistics and demographic aspects

 Chair: **Stefania Capecchi**

Housing condition of foreigners in Italy

Paluzzi E., Lucchetti S., Abbatini D., Gallo G.

Effects of population ageing on employment in Italy

Spizzichino A., Lucarelli M., Graziani C.

Labour market dynamics in the light of demographic trends and economic situation

Freguja C., Montecolle S., Pannuzi N., Pintaldi F.

Wars and pandemics, what effects on demography?

Fiorenza E., Iaquinta P.

Active ageing and health protection: new healthcare scenarios

Cancellieri S.

Venerdì 26 maggio, ore 15.45 - 17.15

Aula 7

Sociology and demographic aspects

Chair: **Venera Tomaselli**

Older parents-adult children exchanges and rural/urban dimension. A twenty-year overview

Lalli C., Meli E., Tomassini C., Pasqualini M.

Enfranchising children through proxy voting: welfare and demographic implications

Rizzoli M., Trombetta F., Boffa F., Reggiani T.

The narrative of frailty in older people in the Italian press

Cavrini G., Stavolo A., Marino M.

Population change in Italy over the last two decades: the speed of the change and the role of residential mobility

Bolano D., Di Nallo A., Serra C.

If the Mafia, in Public Administration, becomes an age old problem

Di Giorno S., Busato F.

Venerdì 26 maggio, ore 15.45 - 17.15

Aula Pagano1

Sustainability

Chair: **Andrea Riganti**

Register of Places: opportunities for sustainable and climate change related indicators

Orsini E., Ferruzza A., Abbatini D., Franconi L., Clary T., Lipizzi F., Radini R., Fardelli D., Mugnoli S.

Sustainability and inequality: Istat-SDGs statistical measures for the analysis of disparities in sustainable development

Violante A., Nascia L., Di Biagio L., Ungaro P., Baldazzi B.

Weight optimization for composite indicators based on variable importance: an application to measuring well-being in European regions

Gigliarano C., Nguyen V.D.

Monitoring the progress of sustainable development goals 1 and 2 in Asia through the Poverty - Hunger Improvement Index: a reachable challenge or just a utopia?

Guadalaxara M., Mediwaka Tharani A.W.

Monitoring sustainable development policies in European Union: a multidimensional approach

Pizzoli E.

Venerdì 26 maggio, ore 15.45 - 17.15

Aula Pagano2

Tourism Statistics

Chair: **Daniela Fusco, Samanta Pietropaoli**

Tourism as a means to counteract Inner Areas (Ias) depopulation: the case study of Campania region

Bianchino A., Fusco D., Giordano P., Liguori M., Summa D.

Tourist destination loyalty: a case study of Rome

Ghanooni F., Abbasi A., Celardo Li.

Geo-referenced sentiment analysis for tourists' points of interest: the case of Matera European Capital of Culture

Spano M., Misuraca M., Celardo Lu.

The impact of tourism on the income inequality: an analysis of Italian provinces

Comerio N., Pacicco F.

Some aspects on tourism sustainability in the region of Friuli-Venezia Giulia

Giacalone M., Schoier G.
